Beginner lessons are the perfect starting point for non-swimmers. These lessons focus on having fun and building confidence in the water as well as achieving basic swimming ability.	Once a swimmer has achieved some swimming ability on their front and back (swimming at least a few metres) the intermediate lessons advance that knowledge in an enjoyable way to create a recognisable and efficient stroke.	Swimmers who can demonstrate swimming ability on their front and back and would like to develop further with strokes, confidence and efficiency.
